Re: Dewatering Workshop on September 10, 2008

Dear Lydia and Staff:

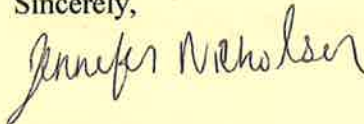

Osceola County Stormwater Staff would like to thank you for presenting the Dewatering Workshop and providing lunch for all the attendees.

We are very thankful to have Geotechnical and Environmental Consultants, so willing to help Osceola County with our efforts to educate the Community and Staff of this Dewatering rule from FDEP. The knowledgeable presentation you provided is extremely helpful and useful. We have received numerous compliments on the workshop, especially the lunch.

We would like to thank you for holding such an informative meeting, and we hope to continue holding these wonderful workshops.

Thank you for the team effort!!

Sincerely,

Jennifer Nicholson
